### Agenda

#### Meeting presentation

- Discuss feedback and ideas for a one-page user guide that will be the companion to our Billing Guide for direct service staff.
- Review progress on CEU guide for LPHAs who want to provide training offering CEU credits.
  - Discuss what's missing from the CEU guide, what other certifying bodies there are....
- Review some findings from a TA needs assessment done by ORPRN with LPHAs and CBOs, discuss whether this is enough information to get started creating a TA plan without developing our own assessment.

### Notes

- Billing guide User guide
  - No feedback, just appreciate that there will be a user guide
  - There will be a review process of the billing guide and User guide once a year
- CEU Guide feedback

- Clearly delineating when certifying bodies require specific certifications and/or licenses of the trainer
- TA Needs Assessment done by other contractor
  - New to Program Element 13 now includes cessation work and the ability to provide and purchase NRT - \*TA related to workflow and admin piece of obtaining licenses, certification and training for providing NRT, clear list of guidelines and requirements for providing NRT (from board of pharmacy, state, etc.)
  - Program focus: Find those who are interested in broadening/shifting focus - Program focus updates happen with renewed funding, this is an opportunity to expand
  - What are things they (those that took the TA needs assessment) tried and didn't work out, or didn't see much progress in before - in programming related to
  - What is your level of focus on tobacco treatment and what is getting in the way of increasing that?

### **Action Items**

---

- Audra - When finished with the CEU Guide Draft send to the EP for feedback
- Elizabeth - Share the questions for the needs assessment that happened already
