» Oregon Nicotine Treatment and Recovery:

# Expert Panel Meeting

A SOCIAL IMPACT COMPANY  
»redegroup

## » Introductions

- Name
- Pronouns (optional)
- Organization
- Icebreaker question (optional): What is your favorite outdoor activity?

# » Agenda

Topic	How	Lead	Time
Welcome/ Introductions	Everyone shares their name, pronouns (optional) and organization	Beck	12:00-12:15
CMHP assessment	Quick CMHP assessment update and brainstorm	Beck	12:15-12:25
“Frontline workers” assessment	Discuss the next data collection push and ways that the Expert Panel can contribute	Elizabeth	12:25-12:50
Training	Discuss the training that was offered as an incentive and what it could look like	Beck	12:50-1
Evaluation planning	Brainstorm additional key evaluation questions for future evaluation planning	Beck	1-1:20
Wrap Up	Review next steps	Beck	1:20-1:30

# » Project timeline

WE ARE  
HERE

Policy research/literature reviews

Monthly expert panel meetings

SPRING  
'21

- Convene Nicotine Treatment and Recovery expert panel
- Identify assessment questions

FALL  
'21

- Begin policy research/literature reviews

WINTER  
'22

- Survey SUD facilities
- Conduct key informant interviews with other states

SPRING  
'22

- Collectively review and interpret SUD survey results
- Create a report with assessment results from SUD survey
- Begin CMHP assessment (through summer '22)

SUMMER  
'22

- Partner with Oregon groups to focus scope and identify focus group participants/interviewees
- Prepare for SUD facility interviews and focus groups

FALL  
'22

- Conduct interviews/provider focus groups with Oregon BH/SUD providers
- Develop preliminary analysis of Oregon BH/SUD provider interviews and focus groups. Collectively interpret results

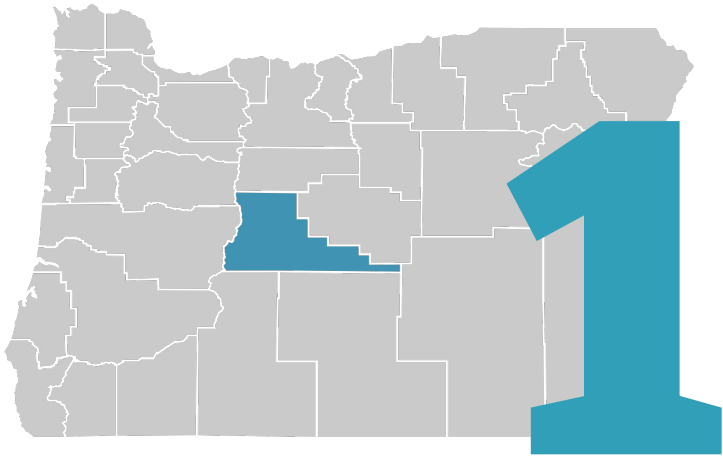

WINTER  
'23

- Develop recommendations for Oregon BH/SUD facilities
- Distribute knowledge/skills assessment to relevant OHA staff to identify training and TA needs
- Develop CMHP mini report

SPRING  
'23

- Create a report with assessment results from Oregon BH/SUD interviews and focus groups
- Develop and implement a plan for bespoke training and technical assistance for OHA staff or partners, including engaging state and national trainers

## » CMHP preliminary assessment update

**Group interview with  
Deschutes County**  
*(thank you Amy!)*

Any suggestions  
for getting more  
responses from  
additional CMHPs?

# » Provider focus groups/interviews

## Purpose & goals:

- Exploring the level of acceptability of tobacco/nicotine use in SUD facilities and ways to address it
- How can we continue to shift the cultural norms within this (Provider) population? Is it still pretty normative to smoke? What more can we do with policy and other environmental supports?
- Develop a deeper understanding of systemic and workplace issues affecting behavioral health facilities' efforts to treat nicotine dependence and support recovery

# » Provider focus groups/interviews

Uses:

**1.**

Guide  
recommendations  
to OHA

**2.**

Gain perspective from  
frontline workers on  
workplace issues  
affecting BH facilities'  
efforts to treat nicotine  
dependence

**3.**

Apply perspective of  
providers to work, keeping  
in mind barriers and  
norms at facilities

# Timeline: Provider focus groups/interviews

SUMMER 2022 ●

- Begin data collection

● SPRING 2023

# » Data collection plan

## Logistics

- Feedback?
- What do we call these “frontline providers”?
- How to reach potential participants

## Content

## » Training incentive update

- We are still working on putting together a training(s) in response to respondents who selected this as an incentive for the SUD survey.
  - Received feedback from 4 facilities about their needs
- Meeting with OHA in August to explore options

Anyone have suggestions for trainers?

# » Future evaluation planning

- Creating a 3-5 year evaluation plan to continue this work
- We need help focusing the evaluation
- Big brainstorm, not prioritizing yet!

## » KEQ brainstorm

1. What are your goals over the next 3-5 years for treating nicotine dependence among people with behavioral health conditions?
2. How will we know we are making a difference in this work?

Jamboard time!

<https://jamboard.google.com/d/175zdgrc0d5lfBjDkfaV0lhzyfnpYixJQnL3rtXjF12E/edit?usp=sharing>

## » Next steps

- Identify participants for focus groups
- Draft focus group guides
- Refine and prioritize key evaluation questions
