

## *health equity focus*

We completed 9 assessments with an equity focus, gathering data from over 1,400 people across Oregon and Washington. We supported 268 hours of staff time for volunteering within equity-focused organizations.

## *spanish language capacity*

We hired additional Spanish-speaking staff and supported 122 hours of Spanish lessons for staff. We offered focus groups, interviews, data collection tools, recruitment materials, and reporting products in Spanish.

## *good gover- nance*

In 2022, we increased our capacity for good governance via B Corp standards. We focused on organizational processes and policies for decision making and increased transparency. We spent over 100 hours on social impact planning.
